Be It Officially Noted That

Based on examination of data provided by the above named measurer, the course described above and in the map attached is hereby certified as reasonably accurate in measurement according to the standards adopted by the Road Running Technical Council. If any changes are made to the course, this certification becomes void, and the course must then be recertified.

Verification of Course --- In the event a National Open Record is set on the course, or at the discretion of USA Track & Field, a verification measurement may be required to be performed by a member of the Road Running Technical Council. If such a remeasurement shows the course to be short, then all pending records will be rejected and the course certification will be cancelled.

This certification expires on December 31 of the year: **2034**

Effective: 09/02/2024
Through: 12/31/2034

Notes and Restrictions:

- 1) This certification applies to a complete lap and multiple laps, not to course markings.
- 2) The course was measured directly on the white line closest to the infield (innermost white line) of the track.
- 3) This track has a flush curb not a raised curb.
- 4) The straight portions were measured using a steel tape. The curves were measured using a calibrated bicycle.
- 5) Runners run counter-clockwise and must stay to the right of the innermost white line.
- 6) This is not a certification of the track distance, rather it is the certification of a road course that takes place on a track.
