Be It Officially Noted That

Based on examination of data provided by the above named measurer, the course described above and in the map attached is hereby certified as reasonably accurate in measurement according to the standards adopted by the Road Running Technical Council. If any changes are made to the course, this certification becomes void, and the course must then be recertified.

Verification of Course --- In the event a National Open Record is set on the course, or at the discretion of USA Track & Field, a verification measurement may be required to be performed by a member of the Road Running Technical Council. If such a remeasurement shows the course to be short, then all pending records will be rejected and the course certification will be cancelled.

This certification expires on December 31 of the year: **2034**

Map Not To Scale

Calibration course is measured such that it must be ridden with wheel no more than 12 inches from the northern edge of the sidewalk for greatest accuracy.

End 1 – On East/West sidewalk on north side of Disney Way just east of the intersection with Harbor Blvd directly on the expansion joint at the start of the East/West sidewalk.

End 2 – On sidewalk at the crossing of the northbound Staff Parking Access road on the north side of Disney Way. 5'6" west of the east curb.

End 1 is marked with orange fluorescent paint at the noted expansion joint.

End 2 is marked with a concrete nail, washer, and orange fluorescent paint.

Both ends are marked 12 inches south of the northern edge of the sidewalk.
