

USATF-Certified Course TN07029MS

Expiration Date: December 31, 2017

Measured by: Ron Fuller, August 26, 2007

Buddy's Race Against Cancer 5K
Knoxville, TN

One loop course starting on West Clinch Ave and finishing on World's Fair Park Drive. Start line is specifically located at the east end of the bridge on a north-south line that is perpendicular to Clinch Ave and bisects the storm drain closest to the entrance drive to the Holiday Inn on the north side of the Street. Course crosses Henley Street and proceeds east to a right turn onto Locust Street. Course follows Locust street south to a left turn onto West Hill Ave. Course follows West Hill Ave across Gay Street to a left turn onto State Street. Course follows State Street south to a right turn onto Union Ave. Course follows Union Ave east to a left turn onto Central Street. Course follows Central Street north to a right turn onto Willow Ave. Course follows Willow Ave east to left turn onto East Jackson Ave. Course follows East Jackson Ave back across Central Street (East Jackson becomes West Jackson) west thru the Old City across Gay Street to Broadway. Course crosses Broadway onto World's Fair Park Drive. Course follows World's Fair Park Drive to finish line east of the Court of Flags Water Fountain. Finish Line is specifically located on a South 29 deg East line that is perpendicular to the World's Fair Park Drive and 34 ft 6 in from the center of the closest man hole cover located east of the water fountain. In all turns and curves, runners take the shortest route possible. Maps are not drawn to scale

Mile one is located near the intersection of Union Ave and Central Street. Specifically located on an East 22 deg South line that bisects the center man hole (one of three) in the intersection.

Mile two is located on East Jackson Ave. Specifically located 37 ft 7 in east of the center of the second light pole from the Randolph Street and East Jackson Ave. Light pole is located on the north side of Jackson.

Mile three is located on World's Fair park Drive. Specifically located 6 ft 1 in north of the center of the second lamp post from the Grand Ave and World's Fair Park Drive Intersection. Lamp post is on the east side of World's Fair Park Drive.
