

# WALTERS STATE'S SHAMROCK SHUFFLE 5-K

## Morristown, Tennessee

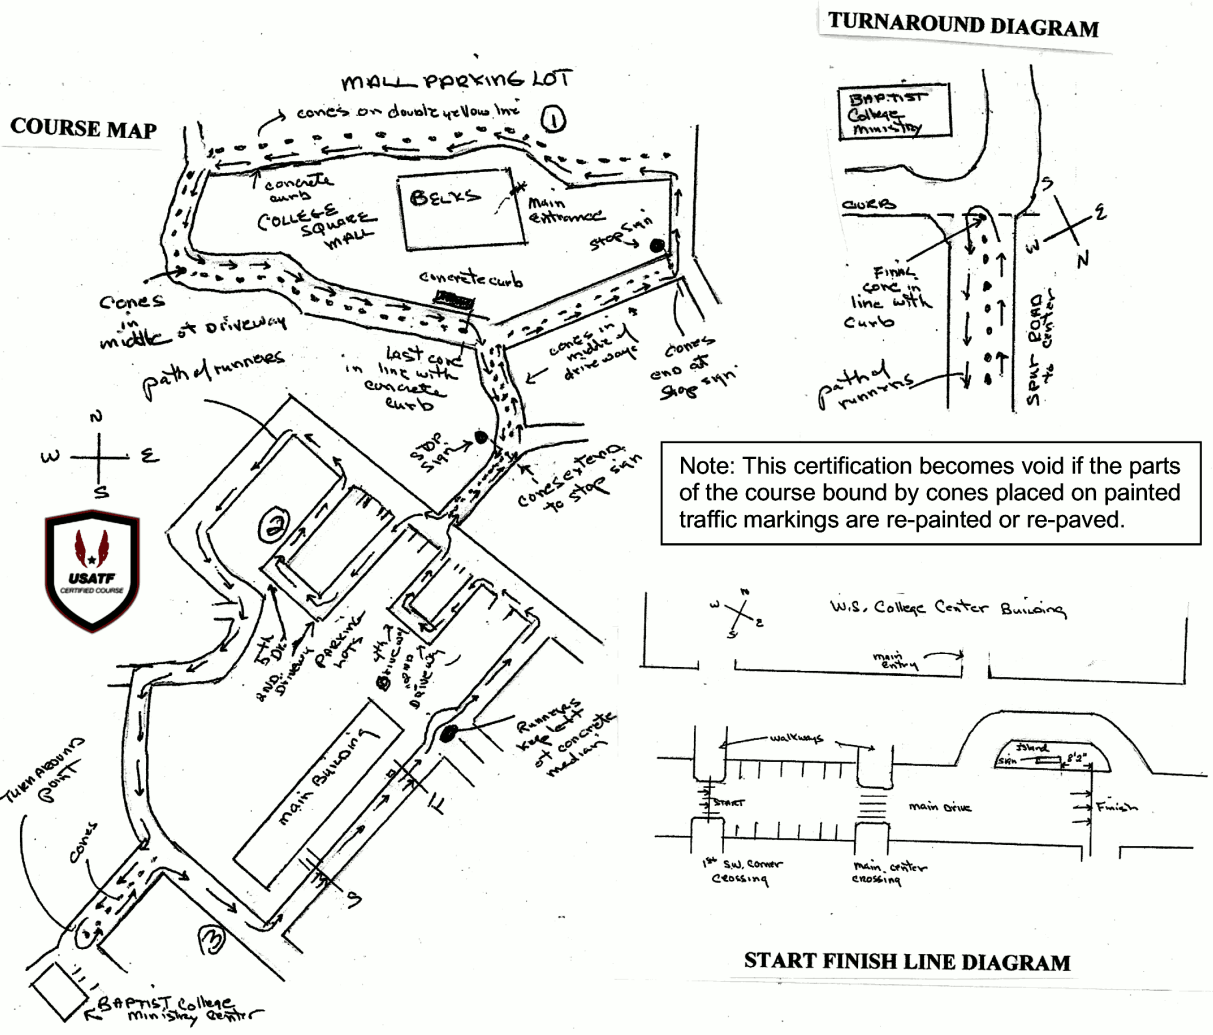

Measured by Allan Morgan, 01/31/2018, email: allanedwardmorgan@gmail.com ph: (865)789-4434

**START/FINISH LINES** are located on the main driveway fronting the Walters State CC main campus building. Start line is located exactly in the middle of the first (SW corner) walkway. Finish line is located exactly 8'2" to the right of the College Center sign, located to the right of the main entry walkway. See Start/Finish Diagram.

**TURNAROUND POINT** is located at the top of the hill on a spur road leading to the Baptist College Ministry Center, located exactly in the center of the road and in line with the curb designated on the turnaround diagram.

**COURSE** is an out and back course, consisting of two loops joined by a connector. The first makes a loop around the campus, using campus streets and parking lots; the second makes a loop around the adjacent College Mall. In the first loop, runners after making the first left turn, then turn left at the second parking lot driveway to the left and exit from the fourth driveway. After returning from the Mall loop, runners turn right and make a left turn on the second parking lot driveway to the left and exit from the fifth. In the connecting drives between the two loops, runners keep to the right of the cones and turn left, breaking at the final cone in line with the stop sign to their left. Once in the Mall loop, runners first keep to the right of the cones and turn left breaking at the final cone, again in direct line with the stop sign on their left. Once in front of the mall, runners are confined by cones to their right and concrete curbs to their left. On leaving the Mall loop, runners break to their right at the final cone which is in line with the end of the concrete curb to their left. See map for exact route of runners and placement of cones.

**LOCATION OF SPLITS:** Mile ONE is directly in front of the Belks entrance to the mall. Mile TWO is a third of the way down the far (5<sup>th</sup>) parking lot driveway at the back of the campus. Mile THREE is in the driveway bordering the SW corner of the campus, just prior to the left turn to the driveway fronting the main campus building.

Notice to Race Director: Use this Certification Code in *all* public announcements relating to your race.

## *Be It Officially Noted That*

Based on examination of data provided by the above named measurer, the course described above and in the map attached is hereby certified as reasonably accurate in measurement according to the standards adopted by the Road Running Technical Council. If *any* changes are made to the course, this certification becomes void, and the course must then be recertified.

**Verification of Course** — In the event a National Open Record is set on this course, or at the discretion of USA Track & Field, a verification remeasurement may be required to be performed by a member of the Road Running Technical Council. If such a remeasurement shows the course to be short, then all pending records will be rejected and the course certification will be cancelled.

***This certification expires on December 31 in the year*** **2028**
