Be It Officially Noted That

Based on examination of data provided by the above named measurer, the course described above and in the map attached is hereby certified as reasonably accurate in measurement according to the standards adopted by the Road Running Technical Council. If any changes are made to the course, this certification becomes void, and the course must then be recertified.

Verification of Course --- In the event a National Open Record is set on the course, or at the discretion of USA Track & Field, a verification measurement may be required to be performed by a member of the Road Running Technical Council. If such a remeasurement shows the course to be short, then all pending records will be rejected and the course certification will be cancelled.

This certification expires on December 31 of the year: **2033**

Course Description

The Delaware Park Golf Course in Buffalo NY is encircled by a paved road named Meadow Dr. This circular road is more commonly known as the "Ring Road". One lap of the Ring Road has been measured at exactly 1.74729 Miles or 2.81199 Km when following the Shortest Possible Route (SPR) a runner can legally take. In this mapping we select an arbitrary point and run the one lap in the counter-clockwise direction.

START Exactly at Pole # 174 which is near to the intersection with Meadow Rd (note "Rd" not "Dr").

1 Km 18 feet before Pole # 190-1.

1 Mile 19 feet past pole # 153 (at the time of this measure the base and wiring were present, but pole missing).

FINISH Same location as the start.
