Be It Officially Noted That

Based on examination of data provided by the above named measurer, the course described above and in the map attached is hereby certified as reasonably accurate in measurement according to the standards adopted by the Road Running Technical Council. If any changes are made to the course, this certification becomes void, and the course must then be recertified.

Verification of Course --- In the event a National Open Record is set on the course, or at the discretion of USA Track & Field, a verification measurement may be required to be performed by a member of the Road Running Technical Council. If such a remeasurement shows the course to be short, then all pending records will be rejected and the course certification will be cancelled.

This certification expires on December 31 of the year: **2032**

10k Course Description

Runners start north on Suwannee, turn left into the eastbound lanes of Lafayette St., then right into the southbound lanes of Franklin Blvd. They proceed north to the turnaround point adjacent to Call St. and then head south in the northbound lanes. Runners turn left into the westbound lanes of Lafayette Street, and after passing Suwannee St., take the shortest possible route along Lafayette to Myers Park Drive, where they turn right.

The runners head south, then NW along Myers Park Drive. Where the road forks (near the 2 mile mark), runners bear left onto Van Buren St., run down the long hill, and take a left onto Meridian St. They continue south on Meridian to Thornhall, where they turn left, then left again, and proceed north along the northbound lane of Golf Terrace Dr. Just past the 5k point, the road dips down into a sharp "S" curve, then climbs again, eventually terminating at Myers Park Drive, across from the tennis courts.

At this point, runners turn right onto Myers Park Dr., then right again onto Santa Rosa, following it to Seminole Dr. They turn right (south) to turnaround #2 at Clark Ave., returning north on Seminole to Cherokee, where they turn right, and then left, onto Alban. Runners head north on Alban until it ends, and turn left onto Azalea. They pass 5 miles just before turning left onto Seminole. In several blocks, they turn right onto Circle Dr., descending sharply past Evans Pond Park, and turn right onto Myers Park Drive. The runners turn left onto Lafayette and down the hill, passing the six mile mark, and finally left to the start/finish on Suwannee.
