Note to Race Director: Use this Certification Code in all public announcements relating to your race.

Be It Officially Noted That

Based on examination of data provided by the above named measurer, the course described above and in the map attached is hereby certified as reasonably accurate in measurement according to the standards adopted by the Road Running Technical Council. If any changes are made to the course, this certification becomes void, and the course must then be recertified.

Verification of Course --- In the event a National Open Record is set on the course, or at the discretion of USA Track & Field, a verification measurement may be required to be performed by a member of the Road Running Technical Council. If such a remeasurement shows the course to be short, then all pending records will be rejected and the course certification will be cancelled.

This certification expires on December 31 of the year: 2032

 tptrack@comcast.net 9/29/22, 9/30/22

FINISH NORTH GOAL

Measured using full width of  
 the road and 5' from center  
 of the road.

Road Lane Restrictions

1. Runners are restricted to four lanes at START and one lane after mile 1.
2. After mile 1, all runners are restricted to a single road lane or path.
3. Cones mark all lane restrictions between live lane traffic and runners.
4. All turns are shortest distance from edge of lane to next lane.
4. Cones mark all roadway turns, restricting runner to edge of lane.
5. Volunteers staff at all turns requiring cones.
